

I CLAIM:

1           1. A method for the ON-LINE solicitation of goods and/or  
2 services by pre-identified purchasers, comprising:

3                 first, establishing a first database of pre-identified  
4 common interest purchasers of defined categories of goods and/or  
5 services;

6                 second, establishing a second database of vendors of  
7 said defined categories of goods and/or services;

8                 third, interactively matching via Internet connection  
9 a request for particular goods and/or service information from a  
10 common interest purchaser to a vendor thereof; and

11                 fourth, sending such information from a selected  
12 vendor to the requesting purchaser by at least one of regular  
13 mail, telephone, facsimile and electronic mail.

1           2. The method of Claim 1, wherein said first step pre-  
2 assigns an identifying code unique to each common interest  
3 purchaser included within said first database.

1           3. The method of Claim 2, also including the step of  
2 providing automatically to said selected vendor identification  
3 information to permit response from said selected vendor to said  
4 requesting common interest purchaser.

1           4. The method of Claim 3 wherein said third step includes  
2 the providing of said identifying code by said purchaser as part  
3 of the information request.

1           5. The method of Claim 3, additionally including the step  
2 of a pre-billing of each vendor a cost for inclusion within said  
3 second database.

1           6. The method of Claim 5, further including the step of a  
2 solicitation of common interest purchasers to enrol within said  
3 first database.

1           7. The method of Claim 5, further including the step of a  
2 solicitation of common interest purchasers to enrol within said  
3 first database free of charge.

1           8. The method of Claim 6 wherein said first step  
2 establishes a database of Condominium Association purchasers and  
3 wherein said second step establishes a database of vendors  
4 providing goods and/or services thereto.

1           9. The method of Claim 8 wherein said first and second  
2 steps establish databases of Condominium Association purchasers  
3 and vendor providers located within the same geographical  
4 boundary.

1           10. The method of Claim 8 wherein said first and second  
2 steps establish databases of Condominium Association purchasers  
3 and vendor providers located within the same or different  
4 geographical boundary.
